AOB:

- Can we have a look at road signs? Now out of date due to new housing.
- Dumping/fly-tipping on corner of James St/ Hurst St – who is responsible for sorting it out? Jimmy to raise this issue with Trevor.
- Rita updated the group on the council's Open Forum meeting at the Freedom Church. A representative from the recycling team will attend the next Open Forum meeting. Jimmy will let the residents know when the next meeting will take place.
- Eva advised members that a 'dodgy looking' flatbed truck has been going round the area, asking if occupiers need any trees cutting down. Jimmy reminded everyone to report issues asap, not to wait for the next residents' meeting.
- Jimmy to chase Trevor for an update on what should happen to rubbish left on the street by the refuse collectors because it has been put in the wrong bin. If it isn't collected, it just adds to the existing problems.
- Grid near 34 Wilson St is blocked up; also drain near 6 James St still has a traffic cone blocking it.
- Is there any chance we could get a local Notice Board put up, where relevant information could be posted?
